HACKING TRADE AND GROWTH WORLDWIDE

INTRODUCTION

Navigating foreign trade may prove itself to be a challenge. Our deep understanding of the Canadian and Brazilian markets allows us to guide your business into effective market growth and market-penetration. Through tailored research, we map out necessary steps that your business has to take in order to be successful, before starting any trading operation.

The imports and exports between Canada and the world are growing, and you can count on GC5 to lead the way.

ABOUT GC5

GC5 is a Canadian company operating in the development of foreign trade. Our methodology and management processes include leveraging a thorough analysis of the market, buyer's journey, product life cycle, and other factors we consider or utilize that are vital to a successful trading operation. GC5 can also work as the trading company for your operation.

Our assertive use qualitative and quantitative data, allows GC5 to reach the best penetration approach and assure a lean and effective operation. As well as, delivering end-to-end solutions before, during and after your transactions take place.

GC5 is ready to support your business with customized projects in several sectors with proven experience in the RD&I, pharmaceutical, health care and food industry. Either your plan is expanding into Canada, Brazil, or anywhere else in the world. GC5 in collaboration with our vast network of partners can help your project through completion while providing full support in marketing research, supply chain and operations management. Canada and Brazil are our main market areas of expertise.

THE INUKSHUK

An important symbol in the native Canadian culture, the Inukshuk communicate several messages: navigation, to mark a place of respect, or to indicate migration routes serving as a guide for land and sea travellers.

The symbolism of the Inukshuk embodies our commitment to our clients. We commit to communicating, navigating and serving as our client's guide at every part of the process.

IMPORT & EXPORT PROJECTS (THE HEAD)

are the main focus of GC5's services.

MARKETING & SUPPLY CHAIN CONSULTING (THE ARMS)

represents the compass that guides our work — through a personalized plan that includes marketing research and supply chain requirements, to enable the import & export operation.

OPERATION MANAGEMENT (THE TORSO)

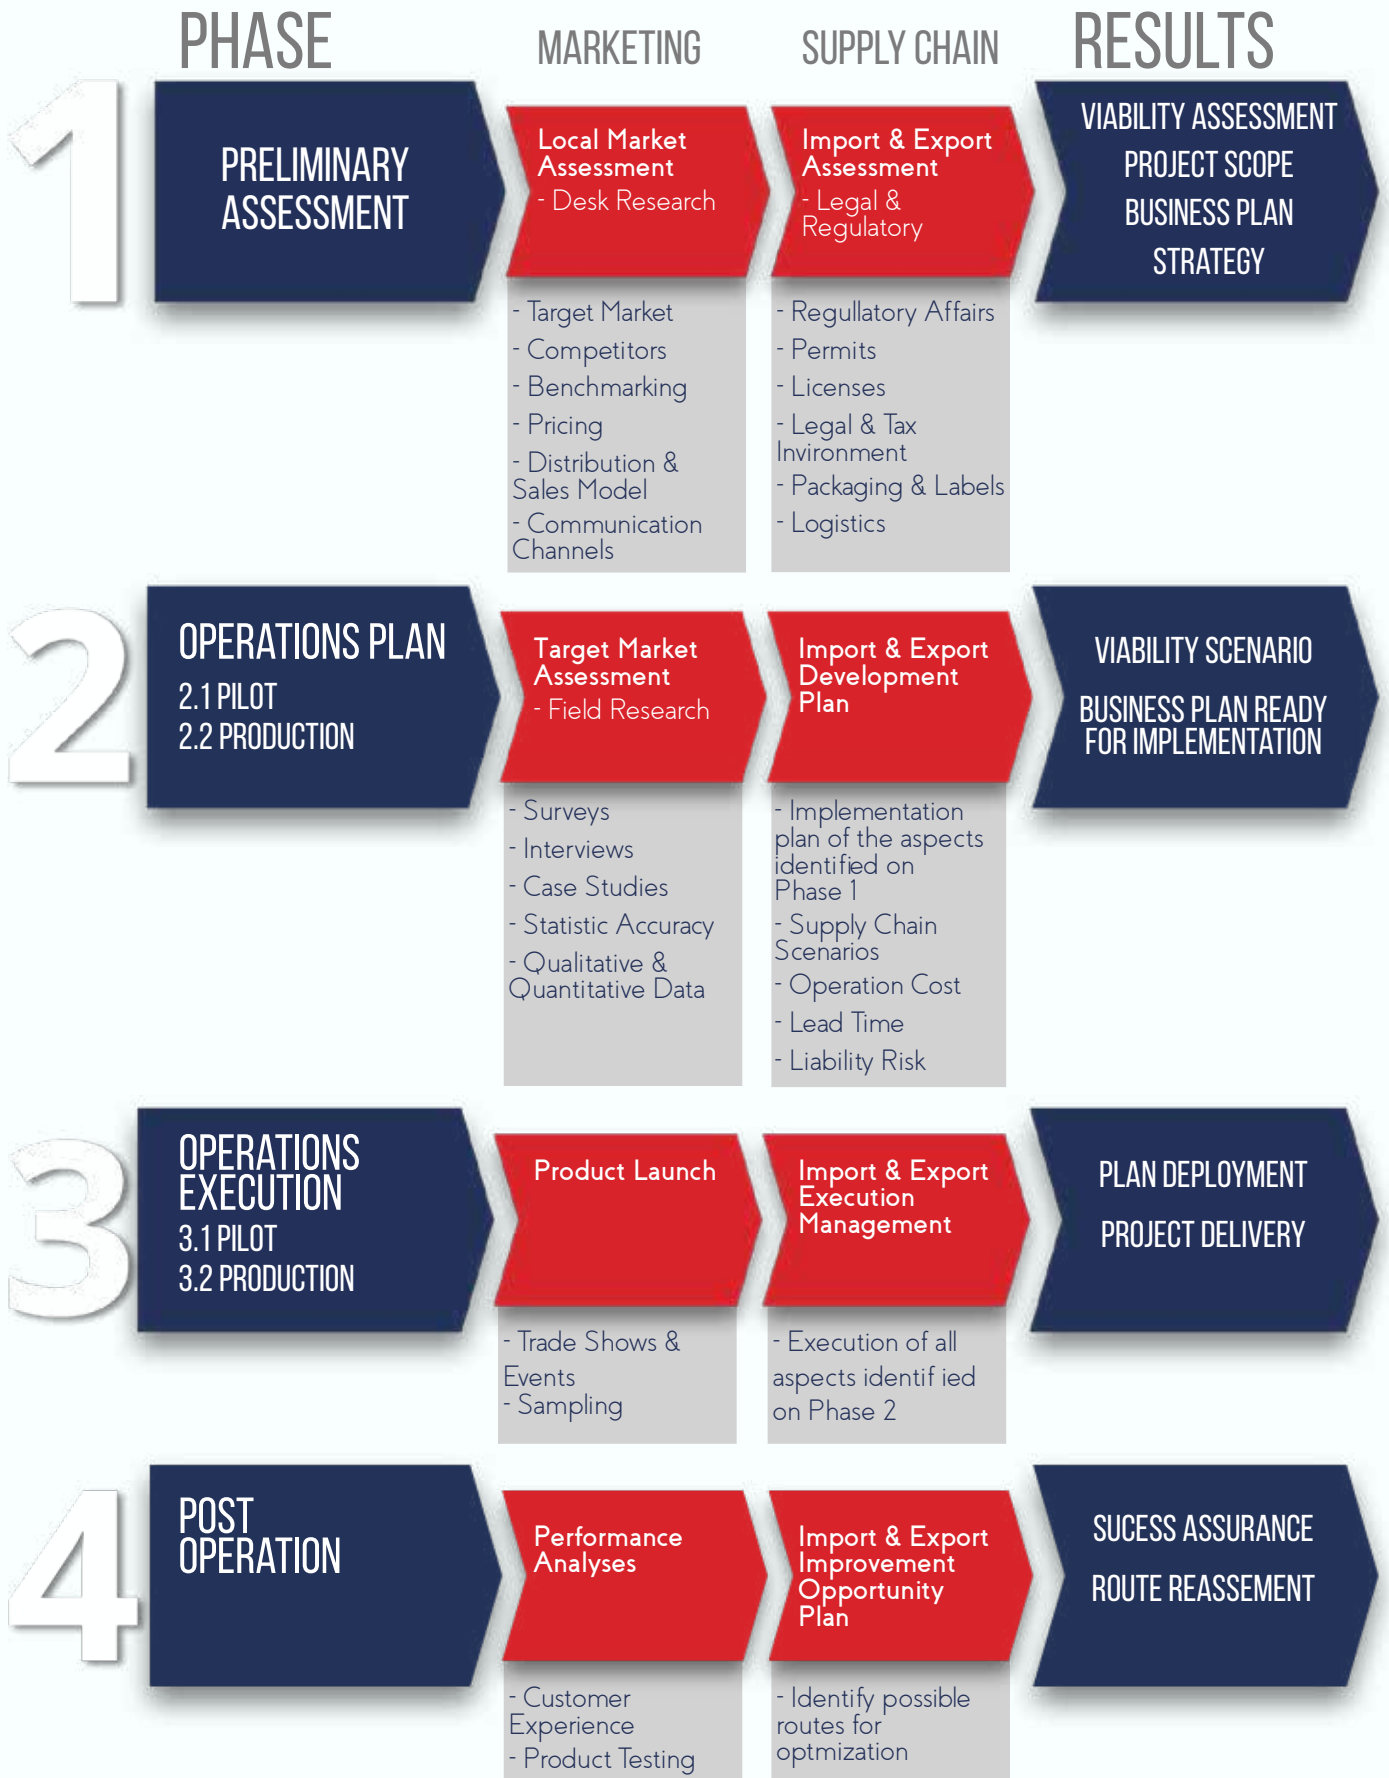

is vital to bringing your project to life. GC5's project management expertise ensures your project success from beginning to end.

FOUNDATION | WORK ETHIC (THE LEGS)

The Foundations of GC5's work are optimization & agility. GC5's work ethics are commitment & trust. Together they are the principles embedded in all GC5's deliverables.
